Your elected officials in Cooper City have been feeding local residents and business owners the same ol' 'stuff' for a long, long time. They call themselves 'fiscally conservative', yet our budget alone has grown \$6.6 million over the last 5 years. They talk about reducing waste and expenditures but they are actually cutting vital services and raising taxes, fees and assessments, and also controlling what the residents say while continuing to grow their political bureaucracy and their already inflated budget with even more unnecessary and wasteful 'pork barrel' spending.

They say that they are looking out for residents and business owners, but we know that they are taking care of themselves, and their self-serving political agendas with your hard earned money. The wasteful spending must stop now! Attend the September 13<sup>th</sup> & 27<sup>th</sup> public budget hearing on the proposed 2010-2011 budget, millage rates and property taxes at city hall (6PM) and voice your concerns.

## **John Sims has consistently:**

Voted *against* unnecessary higher taxes and fees

Voted *against* unnecessary higher city budgets and spending

Opposed questionable political actions by your city commissioners and staff

Opposed the increases of power in city hall against the residents' best interests

Supported and demanded a balanced budget, lower taxes for residents and businesses

Fully supported our BSO police and fire first responders, putting more feet on the street

Fully supported our local business owners

Helped residents and business owners, earning the title of *your 'Go To' Commissioner*

## **A John Sims victory will:**

Continue the fight for residents and businesses to keep more of their money

Continue the focus on open, transparent government, excellence and accountability

Continue to protect your constitutional and property rights

Continue to hold city hall accountable to you and your neighbors

Continue to improve our financial integrity and long term prosperity

Continue to ensure full support of our police and fire personnel

## **With your support we will end:**

Mismanagement in city hall

Our city's increased budget trends

Unnecessary spending leading us to increased taxes and fees, and possibly bankruptcy

The extreme financial burden placed on our local businesses and residents

Purely political agendas and votes that support only special interests

Self-serving attitudes and political favoritism by career politicians coming from city hall

***VOTE TUESDAY NOVEMBER 2, 2010***

Political advertisement paid for and approved by John Sims for Cooper City Commissioner, District 1

"If every member of the city commission voted in our favor like Commissioner Sims does, residents could enjoy much lower taxes and less waste in our city government." – *Herbert C.*

"John Sims is a leader in the fight to defend, support and restore transparency, open access, ethics and honesty in Cooper City." – *Walt J.*

"Pro-Business residents and business owners should support John Sims for Cooper City Commissioner. He does what it takes to help them save money, profits and be successful." – *Eric S.*

"Other city commission members have shown poor judgment in their behavior and have certainly lost my faith. Commissioner Sims has kept it due to his consistent leadership." – *Claire R.*

"John Sims has a realistic, results oriented, solid business plan for you and our city's future. He believes in People over Politics!" – *Janet S.*
